

# TSWIM 2019 Call for Papers

2019 Taiwan Summer Workshop on Information Management  
Taoyuan, TAIWAN, July 3-5, 2019

**Theme: Artificial Intelligence and Big Data**

**Venue: Yuan Ze University**

The Seventh Taiwan Summer Workshop on Information Management (TSWIM 2019) will be held in Taoyuan, Taiwan on July 3-5, 2019. It will be jointly hosted by College of Informatics at Yuan Ze University, Department of Information Management at Yuan Ze University, and Department of Information Management at Chung Yuan Christian University. The main purpose of hosting the TSWIM is to establish an academic community platform for domestic Information Management scholars, doctoral students, and international scholars to augment opportunities for research cooperation and enhance the quality of future research.

We invite submissions in all areas of Information Management research and especially encourage submission on the relevant topics of the workshop theme "Artificial Intelligence and Big Data". It is expected that by inviting the chief editors and senior editors of internationally major journals sharing their experiences of research to help domestic junior scholars and doctoral students gaining a deep understanding of the present and future research trends of Information Management and sharing their research findings with international scholars.
